Harness the Power of Change

The Flying Suits Factory

Harness the Power of Change

...and the dream lives on - CWE

- Authoring Financial Reports over the Web
- Financial Statements or Reports?
 - Income Statement, Balance Sheet, Cash Flow
- Are you a spread head take it to the next level?
- Wouldn't be easy to build your own financial statements and share them over the web?

Harness the Power of Change

Why use CWE?

- Design new or modify existing reports and input forms
- Easy to follow “Create New Report” wizard
- Drag and drop functionality for easy modification
- Build reports with dependency and libraries
- Mimic any CF system

Harness the Power of Change

Why use CWE, continued?

- Short learning curve
- Save to public folder for viewing by others
- Save to private folder
- Export directly to Excel or Adobe PDF for easy distribution
- Zero footprint
- Cost effective

Demo

- Build a new Report using CWE
- Modify existing Reports
- Ad hoc - Publish to PDF or download to Excel
- Bells and whistles...

Harness the Power of Change

...and fringe on top
